

## **Red Wing Blackbird**

Red wing blackbird hear my calling  
Red wing blackbird hear my plea  
Fill the air with joyful singing  
Fill it with your song to free

Cattails swaying in the water  
There you are perched in the sun  
Singing sweetly in the meadow  
Calling to us, one by one

Watch you dancing in the spring time  
Watch frolic in the rain  
See you soaring, red wings dazzling  
See you playing everyday

Red wing blackbird, see you soaring  
Red wing blackbird in the moon  
Sleeping softly moonlight basking  
Humming your familiar tune

Teach me softly you vibrato  
Teach my shining soul to bear  
My soul's aching for you blackbird  
Quench its thirst with your air

Thank you blackbird for your calling  
Thank you blackbird for your song  
We shall call you in the moonlight  
We shall hail you in the dawn
